## RE: LIMITED WARRANTY ON SLA BATTERIES

Koyosonic warrants to **the distributor** that our batteries are free from defects in materials or workmanship for the below period after manufacture date.

For Solar Application: 3 **Years** after manufacture date. Proof of date of purchase / manufacture is required for all claims for breach of this warranty. Normally return of defective batteries to Koyosonic in China is not required, however, we reserves the right to require return and the method of shipment. Upon satisfactory proof of claim as determined solely by Koyosonic, we will make any necessary repairs or, at our option, exchange any defective batteries at our cost. Charges for correcting defects will not be allowed nor will we accept our batteries returned for credit or exchange unless the correction or return is authorized by us in writing.

Registration, Installation and Operation records are to be maintained by the user for submission to Koyosonic as required to support any warranty adjustment claims.

This warranty does not cover failures in service due to the following conditions:

- 1 1. Negligence, accident, abuse, or improper, unsuitable or abnormal storage of the batteries.
- 2 2. Improperly installed or applied batteries, improperly charged (either under or over) batteries. Opening of batteries that are designed and intended in use as sealed products.
- 3 3. Physical damage due to acts of nature or man, which stress batteries beyond design limits or other undesirable influences.

The liability of Koyosonic is set forth totally under the claims paragraph above. We shall not have any liability to purchaser / distributor, or to any other person, either directly or by way of indemnification, for consequential, incidental, special or direct damages, whether the claim for any such damages is based on warranty, tort, contract, or otherwise.

The users must follow **Operation Manual** attached with the batteries, or the technology instruction in our manual, otherwise no claim will be acceptable.
